ROYAL WEDDING GIFTS

The "Georges" To Contribute

London, Nov. 3.
The Duke of Kent and Princess Marina have decided that the national wedding gifts to be presented to them shall be used for providing a Christmas treat for necessitous children and provision of holidays for convalescent sick children of the unemployed.

A gift is being arranged by the committee of nine Georges who, in a letter to public, state although a Royal Dukedom recently has been conferred upon him it is as Prince George that the bridegroom is generally known and they feel that the nation's sentiments of respect and admiration to be expressed by this wedding gift to the Royal couple should be organized by Georges throughout the country.

The signatories include George Ferguson, High Commissioner for Canada, George Lansbury, leader of the Parliamentary Labour Party, George Arliss, actor, George Drummond, banker, the Duke of Sutherland, who is Chairman of the committee and other Georges prominent in different walks of life.

F. B. I. MISSION

Political Talks Denied

Shanghai, Nov. 3.
Mr. Julian Piggot, Secretary of the Federation of British Industries' Mission, told Reuters, prior to his departure for England, that he was able to state definitely that at no time, either in Japan or the three eastern provinces, did the Chairman, Lord Barnby, make a single political utterance. He neither mentioned recognition of the so-called Manchukuo nor the revival of the Anglo-Japanese alliance.

Any reports to the contrary are absolutely false.

LIFT OPERATORS' STRIKE

New York, Nov. 3.

The strike of lift operators which to-day paralysed work in 250 buildings, has ended in victory for the claims of the Unionists.

The Union threatened to extend the strike to all hotels, flats, and

BERLIN AND TOKYO

Exchange of Radio Concerts

(Special to the "Kobe Main Daily Press" (Copyright))

Berlin, Nov. 2.

Encouraged by the success which attended the radio concerts exchanged between Berlin and Tokyo on Tuesday in honor of Richard Strauss, a new exchange will take place on Saturday to mark the opening of the German-Japanese Research Institute in Kyoto on that day.

The ceremony will commence at 2 o'clock GMT in Tokyo with addresses by the Japanese Minister of Education, Genji Matsuda, the honorary president of the Institute, Count Kiyoura, and the German Ambassador in Japan, Herr Dirksen, followed by a graceful gesture on the part of Japan consisting of playing the German national anthem and a Horst Wessel song. The proceedings will then be continued by Berlin at 2:30 when the shortwave station will transmit an overture from Euryanthe by Weber, on the conclusion of which speeches will be held by the Reichminister of Education, Rust, the Japanese Charge d'Affaires, Sugisaka, the President of the German-Japanese Institute and former Ambassador, Dr. Vorsteh, after which the broadcast will terminate with the playing of the Japanese national anthem.

ELECTIONS IN ENGLAND

Huge Labour Gains

London, Nov. 3.

An analysis of the final results of the Municipal Elections shows that Labour gained 770 seats and lost 28 and that the Conservatives lost 635 seats and gained 41. Losses suffered by Liberals and Independents brought Labour's net gain to 741 seats.

Labour now has control of 15 out of 28 London Boroughs and of 41 in the provinces. Of these 11 London and 13 Provincial boroughs were gains, the remainder consisting of boroughs where Labour has maintained its majorities.

PROFESSOR WEDS CORPSE

Singular Ceremony

Tokyo, Oct. 31.

A man was wedded to a corpse in a weird marriage ceremony performed at Matsumura in northeast Japan, according to a report received here to-day.

The man was a Mr. Matsumoto, 31, assistant professor at the medical college of Nagoya Imperial University and the dead bride was Miss Abe, 21. The ceremony was performed at the bride's home, in the presence of her parents. The bride wore her bridal kimono, and was on her deathbed.

The couple met last April. They fell in love with each other, and in August, their engagement was announced. They decided to get married as soon as the bridegroom received his degree as doctor of medicine. Two weeks ago, Miss Abe became sick and she died two days later. When Mr. Matsumoto arrived to meet her, she was dead. He asked her parents for permission to marry the girl posthumously and, when permission was granted, the wedding ceremony was held.

CRUDE OIL SUPPLIES

Experimental Shipments

Efforts are being made by Japanese oil refiners to seek a liberal supply of crude oil not only in the United States but also in other countries. Since the domestic production is very limited, they must import practically all their requirements.

Not long ago the Nippon Sekiyu Kaisha received a trial shipment of oil from Colombia. According to the experiment, the quality is good, and from the economic point of view also, this oil is quite competitive to North American oil. The Company is now in negotiation with the Colombian suppliers for regular shipments.

Samples have also been received from Ecuador, but it is said that shipments from Colombia are more economical. The Nippon Sekiyu some time ago imported a small quantity from Persia. This oil was sold by the Standard Oil Company simply for the sake of convenience in transportation. No further offers have since been received by the Nippon Sekiyu.

Arsenal Regains Lead

By their respective wins over Everton and Stoke, The Arsenal and Sunderland have regained their positions at the head of the First Division, with Stoke a point behind.

In the Second Division Bolton still lead in spite of their defeat at Brentford. Charlton and Tranmere continue to head the two Third Divisions, while St. Johnstone's lost valuable ground to The Rangers in the Scottish League.

DAVENTRY TESTS

Continued to Improve Service

Many thousands of letters are received from overseas listeners each year commenting on the reception of the short-wave transmissions of the B.B.C. from Daventry.
A small number of correspondents have recently drawn an unfavourable comparison between the reception of the Empire Station and the reception of certain foreign short-wave transmitters. It is admitted that in certain circumstances some foreign short-wave stations may be more readily received than are transmissions from Daventry. This is largely due to the fact that the foreign stations concerned are aiming at providing a more concentrated service over an area smaller than that covered by the Empire Station. This involves much more than the mere question of transmitter power. Empire listeners may rest assured that the B.B.C. engineers are constantly trying to improve the service from Daventry and will not be satisfied until reception in every part of the Empire is as good, if not better than, reception of foreign stations.
A series of tests is to be made shortly on the 25-metre wavelength in which two different types of aerials will be employed. Microphone announcements will be made before these tests, and reports regarding the relative performances of the aerials will be appreciated from listeners.

Anniversary Of Panama Canal
On August 15 the Panama Canal celebrated the 20th anniversary of its opening to marine traffic. The Canal, which is operated by the United States Government, has collected \$267,880,000 in tolls, of which \$19,241,000 (23.3 per cent.) has been derived from British ships. The total number of vessels which passed through the Canal was 80,090, of which 21,900 flew the British flag. The United States was second with 15,123, then Norway 4,772, Germany 3,317, Japan 2,558, Holland 1,576, France 1,513, Denmark 1,415 and Sweden 1,319.

PENANG'S RADIO ENTERPRISE

Exhibition Arranged

A Radio, Gramophone, and Allied Trades Exhibition, organised by the Penang Wireless Society, is to be opened on December 6 in the Turf Club Pavilion at Penang, Straits Settlements. Many leading British wireless manufacturers will be represented, and facilities will be available for the demonstration of all types of receivers. A special time of the day will be set aside for the reception of programmes from the Empire station. Entrance to the Exhibition will be free.
A large attendance was registered at a similar exhibition held last year when visitors from points as far afield as Singapore and Siam were present. The Penang Wireless Society is to be congratulated on its enterprise in this connection, and it is to be hoped that similar organisations throughout the Empire will follow its example.

NEW MINISTER TO ROME

Post For Major Fey?

(Special Air Mail Services)
London, Oct. 13.
Dr. Rintelen, who was proclaimed Chancellor by the Nazi insurgents of July 5, and who is in hospital after his attempted suicide, still officially retains his post as Austrian Minister in Rome. He has never resigned, nor has he been recalled. Although his villa in Styria and his bank balances have been confiscated—to go towards the cost of suppressing the Nazi putsch—he is still being paid two-thirds of his salary as Minister.
The question now arises as to his successor. It is learned that this may be Major Fey—until Dr. Dollfuss's assassination regarded as Austria's strong man.

Lost Prestige

Up to July 25 Major Fey held the posts of Vice-Chancellor and Minister of Security. But since that tragic date he has greatly lost influence—mainly as the result of his equivocal answers at the trial of Dr. Dollfuss's murderers.
Major Fey's ambiguous behaviour during the fateful hours in the Chancellery led to a crop of rumours. Some of these went so far as to accuse him of active sympathy with the insurgents.
Although Major Fey at present holds the high-sounding post of Commissar-General of Extraordinary Measures of Security, he is much subordinate to his rival, Prince Starhemberg.

Convenient Loss of Memory

Meanwhile the position of the man he may succeed is a curious one in many ways.
A few days ago it was announced that Dr. Rintelen had lost his memory, and that in this respect his condition was likely to get worse. Numerous high officials, it was said, breathed a sigh of relief at this timely complication.
Vienna is perhaps the most famous city in the world for alienists and psychoanalysts. It is of interest, therefore, to reveal that the doctor whose single opinion on the condition of Dr. Rintelen's memory was accepted by the Austrian Government was a provincial surgeon.
He has been Dr. Rintelen's family doctor and personal friend for years.

"SHE LOVES ME NOT"

At The Queen's

One of the best "film-musicals" to come to the local screen is Paramount's adaptation of the current season's outstanding theatrical success "She Loves Me Not" starring Bing Crosby and Miriam Hopkins which opened to crowded houses at the Queen's Theatre on Saturday. It treats movie-goers to the strange spectacle of the film industry poking fun at itself.

Unlike other film musicals that we have had, this one has a story woven round it and the plot of the film begins when a little night-club dancer, witness to a Philadelphia murder, takes refuge in a Princeton dormitory. The father of one of the boys who is protecting her is a motion picture magnate, faced with dire ruin if his forthcoming "college picture" is as terrible as he thinks it is.

So, to save himself from disaster he decided to sign up the dancer and cash in on the resultant publicity.

The intervention of gangsters, police and the dean of the university transforms the affair into a hilarious comedy of misunderstanding and lightning action. When the commotion and hubbub subside, Crosby and the dean's daughter are in love, the dancer is in the movies and Princeton is again swelling in its sacred quiet.

Appearing with Crosby and Miss Hopkins are Kitty Carlisle, as the dean's daughter, and Henry Stephenson as the dean, and in the supporting cast are Warren Hymer, Lynne Overman, Judith Allen, George Barber and Vince Barnett.

It is excellent entertainment, and preceded by two extremely interesting "shorts," the current programme at the Queen's may be safely described as first class.

Helen Mack will be Jack Oakie's leading lady in Paramount's "The Milky Way."

"Man of Aran" has been chosen as the best picture of the year at the International Cinematographic Exhibition in Venice. The competition was open to all producing companies throughout the world.

KING'S NEXT

ATTRACTION

"Finishing School"

A palpitating drama of thwarted love that tears at the heart-strings—an expose of fashionable girls' schools which mask their snobbery under a veneer of exclusiveness, a biting arraignment of society-mad mothers who sacrifice their daughters on the altar of blind ambition, these are the themes that have been combined and made into RKO-Radio's "Finishing School," which will come to the King's Theatre on Thursday.

Frances Dee remembered for her "Meg" in "Little Women," has the leading role, that of the neglected daughter of ultra-rich parents, and together with Bruce Cabot, carries the love story. The plot deals with the daughter's clandestine romance with a struggling young doctor, and their battle to break down the false barriers of wealth and social position which have been erected between them.

Billie Burke, star of stage and screen, will be seen as the vain and shallow mother who cares for nothing but appearances and the wild merry-go-round of social functions. Ginger Rogers plays an irresponsible schoolmate and truant. Beulah Bondi is cast in a strong and unique character role, that of the money-hungry and unmerciful principal of the school.

Adapted from the stage play, "These Days," by Katharine Klugston, the scenes are laid in a smart girls' school.

The cast was carefully selected so as to obtain the exact types for the various roles and a woman formerly prominently connected with one of the large fashionable finishing schools in New York was on the set as technical adviser throughout the filming.

"Finishing School" is one of the first pictures of this theme and background to be produced in America. It deals with the romance of a heart-hungry, lonely girl who finds happiness with a young doctor who is working as a waiter in a hotel while serving as an interne in a children's hospital.

Kept apart by the trickery of the school superintendent and the girl's mother, the two meet clandestinely. Later, when the girl's

"BEAUTY AND THE BOSS"

"Beauty And The Boss" now playing at the Alhambra Theatre, Kowloon is an entertaining picture with a radiant romance, sly and snappy, with pretty girls and gay comedy, with a cast headed by charming Marian Marsh, debonair Warren William and laugh-provoking Charles Butterworth.

The story, beautifully envolved, is set in Paris and Vienna. The theme is a modern day version of the Cinderella romance, the story of a poverty-stricken girl, outwardly of the haphazard type but with courage written big in her heart, who wins her way to a job as the Baron's secretary, and who finally, with the aid of rice clothes, transforms herself to such an extent that she steals the Baron from his other loves.

Intimacy with her lover is revealed to the head of the school, the girl is expelled. The powerful drama reaches its climax when she is saved from despair by the timely arrival of her loyal lover.

LAST TWO DAYS

AT 2.30, 5.10, 7.20 & 9.30 P.M.

BING Made A Man of Her!
He already had more women than he could handle! His fiancée was jealous (and rightly so) of the Dean's daughter... then a chorus girl came thru the dormitory window and announced she was there to stay! Imagine Bing's embarrassment when they all got together!

"SON OF KONG"

At The King's

"Son of Kong" showing at the King's Theatre, is RKO-Radio Pictures' sequel to the epic predecessor, according to word from Hollywood following a recent preview.

The theme of the story tends to romance with adventure, rather than toward unmitigated terrors, which in "King Kong" reached a high peak in the gigantic ape going to his doom because of a woman. "Son of Kong" offspring of this monster, proves to have startling instincts of gratitude and chivalry.

In "Son of Kong" the hero, Denham, hearing of a chest of diamonds, supposedly on Skull Island, leads a new expedition to that lost land and its prehistoric monsters, accompanied by a small crew and a girl, who, falling in love with him, has smuggled herself aboard ship.

Fearing the horrible fate of Denham's former crew, the sailors mutiny and flee with the ship, leaving Denham, the girl, and three others stranded.

The party is attacked by natives and forced to seek a new landing place. There Denham finds the Son of Kong, trapped in quicksand. Against the advice of his companions Denham assists the creature to escape.

The younger Kong proves a totally different personality than his tremendous forbear, and to the astonishment of the entire group of adventurers, appoints himself as a personal bodyguard for Denham and Denham's sweetheart.

The strange spectacle of this oddly assorted band, the ape towering above his companions as they dare death in search of treasure, is said to provide even greater thrills than the original story.

Robert Armstrong, the original Denham, again heads the cast while Frank Reicher appears again as Captain Engelhorn. Winsome Helen Mack is the girl, in this fantastic expedition, and John Marston, Clarence Wilson, Victor Wong and Lee Kohlmar play other roles.

"AUNT SALLY"

Coming To The Queen's

Besides the brilliant performance of Cicely Courtneidge in "Aunt Sally" (Wednesday's attraction at the Queen's Theatre), and the many delightful cabaret sequences in the picture, there are also many musical numbers which will be whistled and sung everywhere by everybody.

Prominent among these are "You ought to see Sally on Sunday," "Riding on a Rainbow," "My Wild Oat," "If I had Napoleon's Hat" and "I want a fair and square man."

The story is concerned with the efforts of Cicely Courtneidge as Sally Bird to break into cabaret. When she succeeds she is kidnapped by gangsters and held for ransom, but she foils her abductors and gains her ambition.

Cicely is riotously funny, her songs, adagio dancing, and her interludes with the gangster being brimful of humour. She has the support of Sam Hardy, Hartley Power, Ben Weldon, Billy Milton and Phyllis Clare. There's a treat in store when "Aunt Sally" is shown.

were well filled. At Juan-les-Pins and Cap d'Antibes the summer seasons have become so popular that attention is now chiefly concentrated on that period, while the Casino and some of the principal hotels are closing for the winter.

St. Raphael and Valescure, especially favoured by golfing enthusiasts, are preparing for a good winter, while at the other end of the Cote d'Azur, Mentone, for the first time in its long history as a health and pleasure resort, is now fully equipped for an all-the-year-round season. The new casino has leaped into popularity this summer, and there was a big crowd of guests from all parts of the Riviera last week when a special gala dinner was given in honour of M. Maurice Chevalier, who was accompanied by Miss Kay Francis and several other film stars.

AUTUMN ON THE RIVIERA

Changes at Monte Carlo

(Special Air Mail Service)

Monte Carlo, Oct. 14.
The autumn season on the Riviera is quiet but by no means dull, and several of the leading hotels report more visitors than at this date last year. The summer season, on the whole, was disappointing, the shortage of British and American visitors being noticeable. Fine weather in England and in northern France kept many away, while with the rate of exchange more unfavourable than ever, there has been a strong feeling that the railway rates to the South of France should be reduced. This matter is now understood to be receiving attention.

Since the beginning of September the weather has been ideal. Further progress has been made during the summer months with the increased electric lighting, and Monte Carlo may now claim to be one of the best lit towns on the Continent, as well as the cleanest.

One of the most important changes for many years past has been commenced during the past week, namely, the transformation of the Galerie Charles III, the covered promenade adjoining the Metropole Hotel, which was in pre-war years the fashionable daily meeting place of visitors. Or late years it had lost its character through the erection of a series of small glass erections, offices, and bars, but on the initiative of the directors of the Gordon Hotels these are being demolished. Ciro's Restaurant, closed during recent seasons, will also be reopened, and this part of the centre of Monte Carlo will be greatly improved before the beginning of November. The preliminary programmes for the opera, theatrical and musical season indicate that the high traditions established in past years will be amply maintained.

NICE AND CANNES

The chief topic on the Riviera, however, is the taking over of the Palais de la Mediterranee at Nice by the directors of Monte Carlo Casino. As the largest and, probably the most elegant building of its kind on the Continent, this had begun to make for itself and for the city of Nice a great reputation, and the fire on the eve of its opening last season was a disaster. With the organisation of Monte Carlo behind it, entertainments on a scale never before attempted in Nice are anticipated.

The autumn in Cannes is always pleasant, and the Palm Beach Casino remains open as usual until the Municipal Casino reopens on Dec. 1. The Carlton Hotel, where the Duchess of Manchester and Lord and Lady Forteviot arrived a few days ago—reports better business than last October, while the Grand Hotel has had a very successful summer. Other leading hotels, with one exception,

Findlater's Gins have been found to be the most suitable for all Cocktails and are supplied to many of the leading Clubs throughout the World.

SUSPICIOUS BEHAVIOUR

A Chinese named Ho Liu, unemployed, appeared before Mr. Wynne-Jones at the Kowloon Police Court on Saturday morning, charged with loitering in Reclamation Street, Yau-mat, in the early hours of last Saturday morning, for an unlawful purpose.

The prosecuting officer stated that while he was on duty near Reclamation Street, Yau-mat, last Saturday morning he saw the accused standing by a window of a private residence, and holding a short bamboo stick in his hand. When arrested and asked by the officer, the accused could not say what he intended to do with the short bamboo stick.

The accused was sentenced to one month's hard labour.

A RETURNED BANISHEE

Before Mr. Wynne-Jones at the Kowloon Magistrate on Saturday morning, Lal On, a returned banishee, pleaded guilty to a charge of returning to the Colony before the term of his banishment had expired.

It was stated by the prosecuting officer that the accused was banished from the Colony on 3rd November, 1933 for a period of ten years. The accused was seen by a Chinese detective, who arrested him in Shanghai Street, Yau-mat, last Friday morning.

A sentence of one year's imprisonment with hard labour was passed.

On the ground that the property was given to her by her husband, Mr. Wynne-Jones at Kowloon Magistrate on Saturday discharged Tsui Yip who was charged with receiving jewellery and money which she knew to be stolen property.

Inspector Shaftain stated that on information received he raided

defendant's house at No. 126 Pak Wah Street at 2 a.m. on October 25, and found the defendant in bed. He made a thorough search of the premises and found under the bed ten \$10 notes, a gold bead and two pieces of gold strips.

An armed robbery had been made on a pawnshop in Tsun Wan that night, and all the articles found in defendant's possession were identified by the pawnbroker's clerk.

It was subsequently proved that defendant's husband was one of the robbers.

Arrested at the residence of Mr. M.H. Arnold, 3, Causeway Bay, Yu Ching Tak was charged at Central Magistrate on Saturday before Mr. Hamilton with loitering and with returning to the Colony after having been banished.

On the first charge he was fined \$250 or, in default three months' hard labour, while on the second he was sentenced to twelve months' hard labour.

Two Chinese were sentenced to six months' hard labour by Mr. W. M. Thomson at the Central Magistrate on Saturday, for stealing a quantity of electric fittings from No. 230 Lockhart Road and No. 150 Jaffe Road.

Pleading guilty to a charge of stealing a quantity of rice from the Kin Sang Building Constructors Matched at Glenelg, Tang Chuen and Leung Po, a watchman and a cook, respectively, were sentenced to three weeks' hard labour each by Fr. J. A. A. Macfadyen at the Central Magistrate.

A fine of \$2,000, or, in default 12 months' hard labour, was imposed on Cheung Wah, by Mr. E. W. Hamilton at the Central Magistrate on Saturday for possession of 1,265 heroin pills at No. 1 Tung Loi Street.

RETURN FLIGHT

Remarkable Feat By Jones

London, Nov. 3. The performance of Cathcart Jones and Waller who accomplished the return flight from Melbourne when they landed at Lympne aerodrome at 1.15 p.m. on Friday is all the more remarkable because Jones took the place, at the last minute of Bernard Rubin, owner of the plane, who was prevented by serious illness from flying in the race to Melbourne. Jones had practically no previous experience of a Comet machine which had been designed by De Havilland under some pressure of time and was in fact flown by all pilots. "Straight off the drawing board."

None of the crews of the three Comets received the machines long enough before the event to allow of a reasonable amount of practice. Expert opinion in these circumstances estimated the odds at 3 to 1 against any Comet reaching Melbourne and consequently all circles are greatly impressed at the success with which the new type should have passed so severe a test.

The verdict for Mr. William Fox in his patent action before the United States Supreme Court is the climax of many years of litigation.

The patents were bought from two Germans ten years ago. They are virtually the master-patents for all talking picture processes using sound-on-film.

When Mr. Fox lost control of the Corporation which bears his name, he retained these patents. They were his personal property and the bankers were unable to seize them.

There are likely now to be further lawsuits when Mr. Fox endeavours to collect the vast royalties which are now held to be due to him.

LOCAL RUGBY

Club Defeat Navy

A sparkling rugby game was witnessed on the club ground on Saturday when the Club defeated the Royal Navy first fifteen by one goal and a try (8 points) to a try (3 points).

Play was very fast and open, the backs on both sides combining to throw the ball about and back up the forwards. Unfortunately Ferguson, who was playing a splendid game was compelled to retire just before the end of the first spell with a damaged leg.

On several occasions Lammert broke through into the opposing twenty-five by sheer weight and hard running only to be grasped by the hard tackling Navy backs.

Howell-Davies played a good game for the Navy and was largely responsible for their only score.

The balance of weight was in favour of the Club, and even with a depleted scrum they were getting their share of the ball.

After Ferguson's retirement Robertson was easily the best of the Club's backs, closely followed by McGilchrist.

An Early Try

Ten minutes from the start Club opened the scoring when Ferguson took a good pass from Hutchinson, and using his speed and weight in a swerving run, touched down between the posts. Robertson added the goal points—Club 5, Royal Navy 0.

Peters made a breakaway on resumption but was pushed over the touchline. Ferguson got going again but, was tackled on Navy's twenty-five, straining his leg. After an attempt to return he was forced to give up.

Munro dropped back to fill the vacancy and Club still controlled the scrum although they were failing to get the ball away quickly.

Robertson was playing a good spoiling game, and Mecke eventually scrambled over for a try wide out. Robertson's kick went wide. Club 8, Royal Navy 0.

Good line kicking by Club was gaining ground but Howell-Davies started a passing rush from half-way touchline, and in a bout of reverse passing with Johns went across for a try. The kick failed. "No side" came with the score. Club 8, Royal Navy 4.

Major McIntyre watched the game admirably and suggested the advantage rule in an excellent manner.

EQUALITY FOR GERMANY

French Deputy's Attack

(Special to "Hong Kong Daily Press").

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, November 5, 4.30 p.m.)

At a juncture when an over-charged state of political feeling throughout Europe demands tactful handling, a bombshell was dropped by the congress of the Democratic Alliance now taking place in Arras. Deputy Babry, chairman of the Military Committee of the French Chamber launched a fierce attack on Germany, declaring that defence questions were more important than ever because the German people at present were obsessed by the idea that they were entrusted with a special mission for the regeneration of Europe. This mystical conception was given expression in the military preparations about which secrecy was no longer maintained.

Babry then asserted that "equality of rights" between two nations so different as France and Germany could not mean equality in military strength because Germany's more rapid increase in population, higher efficiency in German industry and the spirit now prevailing in the Reich, meant that theoretical equality for Germany would be practical superiority. It would therefore be a crime against the French people to allow Germany to attain equality. Either France retained her military superiority allowed by the Treaty of Versailles or Germany would virtually gain the upper hand."

NEW KIANGWAN PAVILION

Future Assured

Shanghai, Oct. 30.

A new chapter in Shanghai's sporting history was commenced yesterday when Mr. R. Bailey, the President of the Shanghai Golf Club, formally opened the new pavilion built on the far side of the race course to replace that destroyed in the last of the local wars. Though, of course lacking the size and accommodation of some of the town clubs, the pavilion is a commodious and cleverly designed building of distinctly attractive appearance, even putting Seekingso in the shade and so claiming rank as the best of the out-of-town club-houses, except, of course, the mighty I.R.C. building across the course.

There was an immense crowd of members and their guests, prominent amongst the latter being the Mayor of Greater Shanghai and Corp. J. E. Broadus, of the U.S.M.C., the winner of the China Amateur Open Golf Championship. It might be remarked that the Club Committee have extended an invitation to Broadus to play over their courses as often as he desires. He had a round with A. E. Binko yesterday morning and beat him on the last green, and the members are looking forward to seeing many more instructive exhibitions by the two.

MANCHUKUO OIL MONOPOLY

Japan's Reply

Washington Nov. 2.

An incomplete summary of Japan's views in respect to the American objections to the new Japanese oil legislation which, according to the U.S. protests, asks foreign companies in Japan to submit to unreasonable regulations, has been received by the State Department, says the Acting Secretary of State, Mr. Phillips.

Mr. Phillips adds that the Japanese memorandum in connection with the foreign protests against the Manchukuo oil monopoly has not yet been delivered to the Tokyo Embassy.

It is learned that there have been frequent exchanges with Tokyo with respect to both problems. The latest note contains an informal report of Japan's viewpoint which does not cover all the important points raised by the British and United States Governments in connection with the proposed oil laws, which are considered oppressive and unfair to foreigners in Japan.

Mr. Phillips said he understood that Japan's reply to the United States' Government Manchukuo monopoly protest was at present on the way to Washington, having been despatched by the Japanese Foreign Office.

Mr. Phillips declined to make any further comment, saying further and closer study of the case was necessary.

Reuter.

LONDON VIEW

London, Nov. 2.

The view taken in certain quarters in London, as to the reported establishment of an oil monopoly in Manchukuo by the Government of that state, is that it is a breach of the Japanese treaty obligations to China, to which the Manchukuo Government has also pledged itself.

It is felt that the effect of such a monopoly, if it is granted to a company, 80 per cent. of the capital of which is supplied by Japan, would be open to objection as affording special privileges to a Japanese concern.

It is a further point whether the proposal does not contravene Article Three of the Washington Treaty.

Men with three full years of efficient service to their credit, need only undergo training for two days in Camp. Failure to comply with this obligation of efficiency in certain cases renders the individual concerned "liable" to a fine of \$25.00.

ST. STEPHEN'S GIRLS' COLLEGE

The bazaar held by the St. Stephens Girls' College in conjunction with the Fairies School was opened by Mrs. Henderson, wife of the Director of Public Works. The purpose of the bazaar is to raise funds in aid of the M. C. L. and other local charities.

Skittles, dart throwing, fishing pond, gold fish, houpla and a play entitled the "Merchant of Venice" were among the items on the programme. Some of the articles offered for sale at the bazaar were of a very high standard especially the knitted goods and embroidered work which were mostly done by the girls of the two schools. Canned goods, sweets and toys were also on sale in different stalls.

MAMAK TOURNAMENT

WHITEHALL HELD

H.M.S. Whitehall were held to a goalless draw when they played the United Hockey Club in a Mamak Tournament match, on Saturday at the Police Training School ground.

Lt. Comdr. Brewer played a good game for the Whitehall while Naidu and Gubay were outstanding for the United Hockey Club.

RADIO COSMOS WIN

The Radio Sports Club "Cosmos" played a friendly hockey match with the H.M.S. Wild Swan and won by the solitary goal scored by Surjit Singh in the first half.

LOCAL HOCKEY

Hong Kong Ladies Lose

In a Caer Clark Cup Match, the Hong Kong Ladies, last season's champions, lost to the Central British Association at King's Park on Saturday, by the narrowest possible margin—one goal to nil.

Mrs. Heibling at defence for the Hong Kong Ladies played an exceptionally good game and with the able support of the backs was chiefly responsible for their team not losing by a heavier margin.

The goal scored by the winners was through Miss E. Woolley who was playing at centre-forward.

Miss Whitley and Miss E. Woolley combined very well at the forward line for the C.B.A. while Miss Hunt was speedy on the wing and she sent in some perfect centres.

SCHOOLGIRLS OVERWHELMED
The Central British School lost to the St. Andrew's Ladies by 5 goals to nil in a Caer Clark Cup encounter on the Marina ground.

The Ladies led by 2 goals to nil in the first half, both goals being scored by Miss M. Woolley. After the interval Miss P. Gittins increased the lead for St. Andrew's by scoring two more goals and a few minutes before the end of the game Miss M. Woolley registered the fifth and the last goal.

The Saints had most of the play and did most of the pressing. The half back line was again the tower of strength, while Miss E. Lendell and Miss G. White, the full-backs for the winners, were very safe.

The Schoolgirls showed a big improvement in their playing and Miss Knill, at centre-forward was fast and showed good stick-work. At defence Miss K. Moir played a very good game.

RECREIO DRAW WITH "Y" LADIES

A drawn game was played between the Recreio Ladies and the "Y" Ladies at King's Park on Saturday.

Miss S. Dalziel, at centre-half, was prominent for the "Y" Ladies, and was the cause of the Recreio attacks being held in check. The Recreio forwards, though they had most of the game in the "Y's" quarter did not combine well enough to score, their shooting was inaccurate.

Miss B. Blumenthal and Miss O. Brown playing on the "Y" left wing showed good understanding and they caused the Recreio backs many anxious moments but Miss Roza at goal played brilliantly.

ST. ANDREW'S SECOND WIN

In a friendly match, the St. Andrew's Ladies' second eleven defeated the Hong Kong Ladies' junior team by the only goal scored at Happy Valley.

The goal that was scored by the winners was through Miss E. Banker.

RETURN TO REASON

It has been said that the nature of governments is not transformed by the mere fact of meeting together. Similarly, fundamental problems that can be adjusted only through international action are not altered by mere absence from the Geneva conference table.

That the two major nations which retreated from the League of Nations in 1933, are becoming more and more sensible of this is increasingly apparent. Realisation that isolation grows on by what it feeds on is indicated in the German soundings of the possibility of return, and the Japanese concern over continued non-recognition of Manchukuo.

Yet it would be indefensibly unrealistic to assume that the Wilhelmstrasse and the Gaimusho view their readmission as an immediate necessity. In Japan's case the gravity of the Manchurian situation has been enhanced by the strategic advantage which Russia enjoys through its admission to the League. In the German case, absence from Geneva during the arrangements for the Saar plebiscite clearly worked to the Reich's disadvantage. But both nations appear to consider freedom of action more important than diplomatic difficulties.

Thus two basic problems arise for League members from the re-voicing of Geneva. The first is the pre-eminence of restoring the damaged fabric of the League. The second is to make it abundantly clear that no refractory power can be permitted to gain its end simply as a reward for picking up the green table which it has overturned.

Too often in disarmament conferences has this technique been made use of. But it has been evident that the military equality sought by one power and the naval equality desired by another—each embracing a flight from contractual obligations—have not aided either disarmament or security. It has, rather, had the reverse effect of intensifying the threat of arms competition.

Fundamentally, the issue is whether force or reason should prevail. Repudiation of established international councils utilizes

force in its initial rather than its final stage. Granted that these measures may seem sometimes necessary to free a nation from what it believes to be dishonesty and intrigue. But retreat from orderly joint procedure presupposes that an individual nation is prepared to rest its final appeal upon force.

At best a gap of indecision is created by such procedure. Negotiations often re-commence at the very point where they were interrupted when force or inseparable threat of force is finally laid aside.

The objections to the outright use of force may be applied, only in lesser degree, to methods based upon the prospect of an ultimate appeal to strength alone. For this reason, "return to Geneva" involves far more than mere academic questions. It is a step toward the ultimate decision of whether force or reason shall be the arbiter between nations.

surprised at the many new things provided by this popular Company. The diving performance by "Peel" and his lady partner is one of the most spectacular turns I have seen in the Colony but the most popular attraction was the Dodgem. It was extremely popular and I noticed that Mr. A. M. Parker of the C.P.R. had a partiality for it. Leaping Lena was introduced to Hong Kong for the first time, but for the benefit of my young friends, I will state most emphatically here that Leaping Lena is not a naughty girl but a very excellent exercise for those who want to get rid of some superfluous weight. I noticed that a popular talisman was in this side-show for sometime—evidently he was trying to dodge and see more.

DOUMERGUE'S REFORM PROPOSALS

Agreement Reached At Cabinet Meeting

(Special to "Hong Kong Daily Press")
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, November 5, 7.30 p.m.)

Paris, Nov. 3. After weeks of bickering over Doumergue's constitutional reform scheme, and both Doumergue's and Herriot's reported threats not to budge from their principle, a last minute agreement appears to have been reached in the vexed matter, according to the Press. It is likely that definite decision will be announced in the course of the Cabinet Council on Saturday and that this meeting will break up amid the usual congratulations and embraces.

The basis of the new agreement which Doumergue will put before the Chamber on Tuesday is: the Government is entitled to dissolve the Chamber without consulting the Senate. During the following twelve months, however, the new Chamber cannot be dissolved by Government arbitrarily. In addition to that, the Senate has to be consulted on the Chamber dissolution, during the first year of the legislative period.

Herriot and his friends in the course of the night drafted the new proposals to be submitted to the President to-day who, however, according to forecasts is likely to turn them down. The Radical ministers, however, appear to have agreed not to vote against the Doumergue scheme in the Chamber on Tuesday next.—*Transocean Kuo Min.*

CABINET AGREEMENT

(Special to "Hong Kong Daily Press")
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, November 4, 4.30 a.m.)

Paris, Nov. 3. As a result of the agreement reached by the Cabinet Council on Saturday, the Premier will be able to present his reform plans to Parliament in the coming week. Briefly stated, these proposals are: (1) the number of Ministers of the Cabinet, including the Premier, who is without portfolio, must not exceed 20; (2) the President of the Republic can dissolve the Chamber before the expiry of its normal life except in the first year, when the consent of the Senate is necessary; (3) civil servants are deprived the right to strike. The State guarantees them permanent positions but if they ceased to work without permission they will automatically lose their

appointments; (4) the Cabinet to make all decisions on the National Cabinet. The Parliament can only propose additional expenditure when previously approved with the corresponding amount of new revenues. When the budget estimates are not accepted by Parliament, the President of the Republic can prolong the current budget for another year.

It is stated in reliable quarters that eight ministers voted against Doumergue's proposals, these being six Radical-Socialist members of the Cabinet, and two others believed to be the Labour Minister, Marquet, and the Minister of Public Works, Flandin.—*Transocean Kuo Min.*

RADICAL RESERVATIONS

(Special to "Hong Kong Daily Press") (Copyright.)

Paris, Nov. 3. The threatened split in the coalition cabinet has been bridged over by the adoption of Doumergue's constitutional reform plans by a majority of ministers in a momentous cabinet council held on Saturday. That complete unanimity was nevertheless not obtained was disclosed by statements to the Press which were to the effect that Herriot and his Radical Ministers reserved themselves full liberty of action regarding the scheme for the dissolution of the Chamber.—*Transocean Kuo Min.*

CRISIS AVERTED

Paris, Nov. 3. The Cabinet to-day adopted, by a majority after a short debate, M. Doumergue's proposals for French constitutional reforms. The Radical minister reserved their attitude as regards the question of the dissolution of the Chamber.

An immediate crisis is thus averted, but it may occur later through the Radicals opposing or abstaining during the meeting of the National Assembly consisting of both Houses which will be summoned to ratify the proposals.—*Reuter.*

POLITICIANS DENOUNCED

Paris, Nov. 4. M. Doumergue's denounced the intrigues and ambitions of politicians and complained that he had no rest since February 6 (the day of the Paris riots), but as long as he had physical strength there was nothing to divert him from the path.

He appealed to all Frenchmen to unite.—*Reuter.*

DETENTIONS IN GERMANY

(Special to "Hong Kong Daily Press")
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, November 4, 4.30 a.m.)

Berlin, Nov. 3. In refuting the sensational reports published by an English news agency concerning the detention and treatment of two Americans, Miss Helen Lyster and Mr. Griffith Johnson, a statement emanating from informed quarters gives the following fact that the Americans were taken into custody recently while they were taking pictures on Oberwiesenthal parade grounds near Munich where detachments of picked Stormtroop guards were doing outdoor exercises.

The taking of pictures being prohibited not only in Germany, but most other countries, the two Americans were detained at the Police headquarters till the films had been developed and then they were released with a courteous explanation by the official in charge. They have not made any complaints concerning the treatment accorded them and, according to the statements made by their parents in New York and which have been cabled here, there was not the slightest cause for any excitement whatsoever.

The mother of the temporarily arrested young lady emphasised that on the contrary during her recent visit to Germany she had been received everywhere with

NAZI DISCIPLINE IN THE SAAR

Stern Warning Issued To Offenders

(Special to "Hong Kong Daily Press")
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, November 4, 4.30 a.m.)

Saarbrücken, Nov. 3. Urging his followers to preserve order now as in past months with the utmost discipline, the leader of the German Front in the Saar territory, Piro, in an appeal issued on Saturday gives a warning that any member of the German Front found guilty of undisciplined action will be immediately expelled from the party and, if necessary, handed over to the public prosecutor, while a reward of 1,000 marks will be paid by the German Front to anyone who, by supplying the public prosecutor with information, brings about the conviction of a terrorist in the ranks of the German Front.

Piro's statement points out that the French threat of military invasion has caused much indignation and misgivings among the Saar population, all the more so since the latter has not given the French any cause on which to base their threats.

If anyone has been guilty in the Saar territory of terrorist acts, states Piro, he is to be found in the ranks of the emigrants and separatists who are carrying on in Press meetings an unrestrained defamatory campaign at the New German people and the German Reich.—*Transocean Kuo Min.*

NO ALTERNATIVE IN JAPAN'S PLAN

Firm Demand For Naval Equality

London, Nov. 2.

Admiral Yamamoto, Japanese delegate to the naval talks in London, declared that the Japanese hope their proposals will be better understood by the British and Americans, but in the meantime Japan remains adamant in her claims for equality.

"It is possible that the public is under the impression that we have a second plan. I say with the greatest emphasis, that the fundamental principle in our plan is absolutely unalterable. We have no alternative," he said.

"Possibly our explanation has not been effective in making other delegates cognisant with its real meaning. If other opportunities were given us to explain them, I would avail myself of them."

STILL HOPE

"Though I dare not be too hopeful of the outcome, I am not so pessimistic as to declare that the situation is an absolute deadlock. There has been no retraction by the Japanese. If the others had submitted plans not running counter to the fundamental principle of the Japanese plan, I would have considered them in an effort to reach an agreement."

"In the meantime, Japan could not agree to discuss technical details such as qualitative limitations," Admiral Yamamoto concluded.

JAPANESE DESIRE

It is understood in Japanese circles that there is no desire to build up to naval strength in America and Britain. On the contrary, while they desire theoretical equality in global tonnage, they are particularly anxious not to extend their programme of construction for economic reasons.

The Japanese desire to frame a naval policy on a purely defensive basis, hence the wish to reduce the numbers of large battleships, aircraft carriers and 10,000-ton cruisers.

They feel that the naval spheres of Japan, America and Britain are all so widely separated that there should be no difficulty in accepting a defensive basis for the new treaty.—*Reuter.*

PRIVATE MEETING

London, Nov. 3. The next step in the naval talks will be a private meeting between the British Foreign Secretary, Sir John Simon, and Mr. Matsudaira, Japanese Ambassador to London, probably on Monday. The talks, at present, are confined to such private meetings between the heads of the delegations, and are the result of the desire to indulge "in diplomatic explorations" in which they can search for some measure of agreement on which to base further technical discussions.

It is explained that until there can be some agreement on the principles involved, there is little use of the Navy experts joining the discussions.—*Reuter.*

LUNCHEON GUESTS

London, Nov. 3. The French and Italian Embassies in London have been informed of the course of the recent naval conversations. The first phase of conversations is now over, but they are being followed by a good deal of useful private contact, supplementing a meeting which will be held at intervals.

To-day the Japanese Ambassador, Mr. Matsudaira, and his wife and Rear-Admiral Yamamoto were luncheon guests of the Prime Minister at Chequers, his official country residence.—*British Wireless.*

PESSIMISM PREVAILS

(Special to "Hong Kong Daily Press") (Copyright.)

London, Nov. 3. There are no prospects that the naval talks will yield the slightest positive results, according to competent observers. Members of the Japanese delegation are spending the week-end with the British Premier at Chequers where to all appearances the untiring Mr. MacDonald will make an eleventh hour attempt to find the basis for an agreement. Since, however, both American and Japanese are determined not to budge an inch, Mr. MacDonald's attempt at mediation appears to be doomed to failure.—*Transocean Kuo Min.*

WARPLANES FOR IRAQ

British Machines

A formation of five Hawker Audax biplanes, flown by Iraqi pilots and intended for equipment of the Iraqi Air Force, arrived at Baghdad two days ago after an uneventful journey in leisurely stages, from England. Seven similar machines will be crated and shipped within the next ten days, completing a squadron of most modern aircraft, specially equipped for desert patrol and for policing duties in the remote regions of Iraq.

Each machine derives power from a Bristol Pegasus 700 h.p. air-cooled radial engine. They carry an immense load including machine-guns, bombs, navigational equipment for flying by night and day, emergency rations, drinking water, and fuel for many hundreds of miles flying. Their maximum speed is nevertheless, 180 miles an hour and they can climb to a height of 10,000 feet, with full load on board, in 7 1/2 minutes. Aircraft of similar type are used in large numbers of the Royal Air Force and in the air forces of several foreign countries.

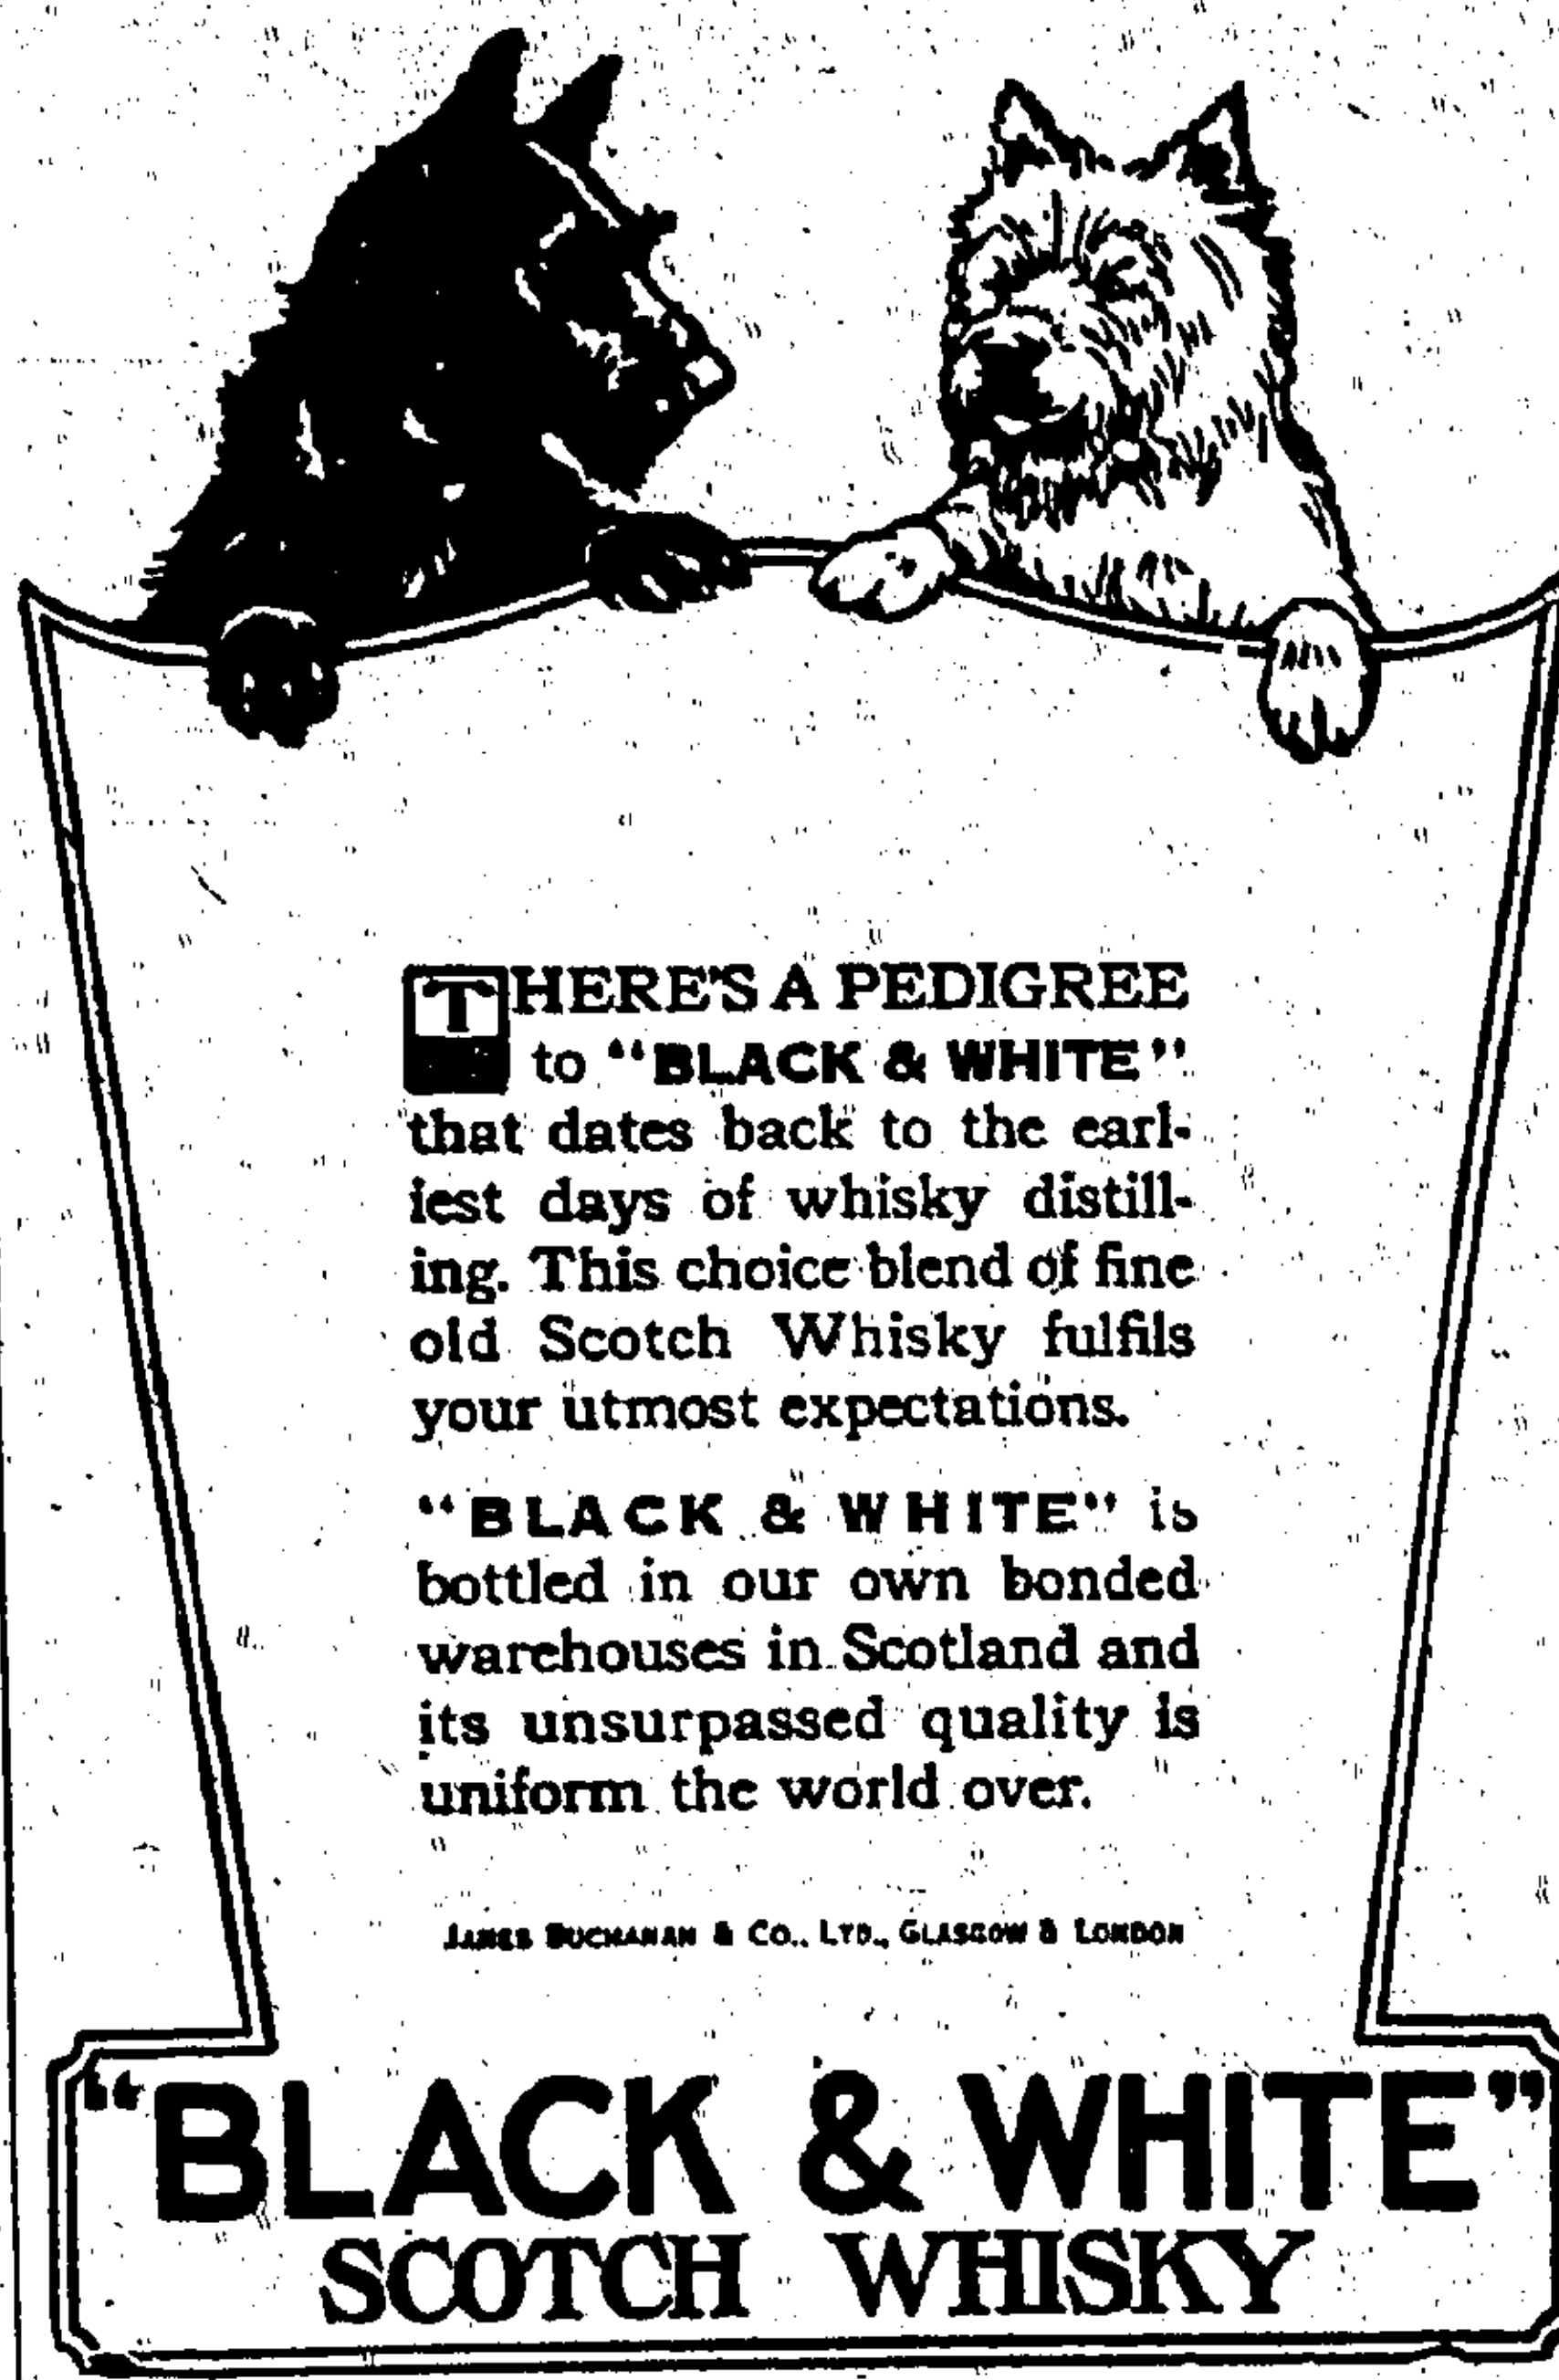

tention of appealing to The Hague Court in connection with the French army manoeuvres outside the Saar territory.

It is claimed that the order for restraint, issued by Hitler's Saar Plenipotentiary, Herr Buerckel, to uniformed Nazis, has created an unambiguous and clear situation which must dissipate all mistrust in official French circles as regards Germany's attitude.

It is stated that France should consequently withdraw her emigrant agitators from the Saar as well as her troops from the Saar frontier, and also do everything to prevent untoward incidents.—*Reuter.*

Drastic Measures In Asturias

(Special to "Hong Kong Daily Press")

Madrid, Nov. 3. The appointment of a Governor-General for the entire revolutionary district of Asturias was decided upon by the Cabinet Council on Saturday. The Governor-General will be equipped with far-reaching powers and will be given the special task of weeding out the Communist elements among the treacherous officials who are held chiefly responsible for the instigation of the recent revolt.

No decision as yet has been taken concerning the rebuilding of the City of Oviedo, the cost of which is estimated at 130 million pesetas.

The Government has ordered the closing of all mines in Asturias which are subsidized by the State since it has been established that the greater part of the subsidized mines are the headquarters of the "Reds."

Press censorship will also be applied to reports on sittings of the Cortes, according to the statement by the Premier.

It is not yet known whether the Left Republicans and the Socialist parties will attend sittings at Parliament which reassembles on Monday.

In Barcelona the Police discovered great quantities of leaflets in which anarchist workers and organizations call for a general strike.

SCHOOLBOY PILOTS

Scheme A Success

All of the boys who attended the first Public Schools Aviation Camp, held in August and September at Moushold aerodrome, Norwich, have now qualified as pilots. The last two, D.E. Gillam of Wrekin College, and J. Cullford of Taunton School, passed their tests a few days ago.

The experiment has been a complete success, justifying the optimism of Mr. H. Birchall, master at Taunton, who originated the scheme, and reflecting great credit on the instructors and the Norfolk aero club. Four of the ten boys who attended the camp—there would have been more than thirty but for the intervention of an Air Ministry regulation forbidding solo flying by people less than seventeen years of age—are going into the Royal Air Force; one of these is returning to the club for a further fifty hours' experience and advanced instruction.

Some are going back to school for another year. Others are taking positions in civil life. But each of them is fired with the desire to help in the development of aviation and each has arranged to continue his own flying. That is the kind of "air-mindedness" which is needed to establish the future of aerial transport. No doubt this first camp will have many imitators in future years.

Was it excitement...?

Is it due to the climate, or is this attack of migraine one of these periodic occurrences common to women? No matter what the cause of the pain is, 'Gardan' will bring a rapid and certain relief.

'Gardan' not only removes the pain but also prevents it. Therefore take 'Gardan' even in cases of apparently slight indisposition.

SAUCY FACE LOWERS RECORD

ELECTRIC STAR WINS
GRIFFINS CUPGleneagles Back To
Form

(BY "MORNING DEW")

Saturday's racing was full of interest, and in many respects was the most successful we have had this half of the year. The weather was glorious, the attendance and the betting figures were good, the course was fast, the racing clean and keen, and what is more the dividends were generous. It is gratifying to be able to record that in the selections given in the "Daily Press" on Saturday, four winners and fourteen placed ponies were nominated!

Electric Star won The Griffins Cup in convincing fashion, while another pleasing feature of the day's sport was the return to form of Gleneagles, who made a field of "B" class ponies look like selling platters.

BUTLER BRINGS THE
TIGER HOME

The first "leg" of the Double went to the Tiger who was cleverly handled by Butler. The second "leg" fell to West Parade, who figured in one of the most exciting finishes seen at Happy Valley for many a day.

DELIGHTFUL CHANCE

In the opening race, Chesterfield, the favourite, was sent into the lead where Bold Commander contested the ground with him over the first three furlongs. After that Chesterfield looked as though he was going to win all by himself when Delightful Chance, who was lying third, several lengths behind, crept up on the leader. The favourite swung wide on turning into the straight and having thus lost several lengths, Delightful Chance was enabled to come along and win easily getting the verdict by three lengths. There was a good tussle for third place, Bold Commander and In Good Time fighting every inch of the ground, the latter just getting the verdict.

A NEW RECORD

My selection for this race, Saucy Face, I understand, caused some surprise, but the race bore out the fact that Bronze Era is by no means in top condition and the same is true, though to a lesser extent, of Nell Gwyn. Both these ponies ran well but even six furlongs proved too long for them.

Bonniak Star, Nell Gwyn and Saucy Face wrestled for the lead when the gate went up and for a time the "Star" candidate got the better of the argument. Then Nell Gwyn and Saucy Face passed the leader at the Rock and it looked as though the race was going to lie between these two, when Bronze Era came along with a big burst of pace and looked as though he was going to take the lead into the straight. But the pony ran wide and was never dangerous in the run home. Meanwhile Saucy Face drew slowly ahead of Nell Gwyn, but a new challenger in the shape of Dinty came along. In a grueling race home, Saucy Face on the rails got the verdict by a neck from Dinty with Nell Gwyn a head behind. The last named came along with a big rush at the finish but both Saucy Face and Dinty were running too strongly to be in danger from being beaten.

Bonniak Star was fourth, Bronze Era fifth and Woodland Stag, who was left at the post, last.

THE GRIFFINS CUP

The more I look back on the Griffins Cup, the more convinced am I that Butler was mainly responsible for Electric Star's glorious victory. Soldier of Germany went into the lead and chalked up 58 for the first half mile. One needn't be an expert to say that after that Soldier of Germany was no more in the race. He gradually faded out of the picture. King's Fancy, as I feared, found the distance too long for him and after the first three quarters of a mile, also faded out.

Electric Star took the lead just before the Rock, with Gladiator on the rails and Ribble on the outside. Butler did not wait. He sent the favourite into the lead at the top of the incline and drew away as the field rounded the bend. Gladiator made a great attempt to catch up, but was not equal to it and finished, as stated, three lengths behind Electric Star, while Ribble found that the earlier pace was too much for him and he lost ground rapidly in the straight, finishing fourth behind Soldier of China. King's Fancy

was a poor fifth and Soldier of Germany a bad last.

THE TIGER WINS

As predicted, the handicap of 152 pounds for The Tiger was enough to stop him in the Kent Handicap "C" Class which he won comfortably by two lengths, after staying with the vanguard most of the way. Butler drew away just before reaching the bend and came home an easy winner. Wayward Stag, not getting the best of the argument at the start, came into the picture after a big effort and although at one time it looked as though he was going to get second place, he had to go under in the last few strides to Racing Boy, who did not run well in the earlier stages of the race.

AN UPSET

Even the colossal weight of 168 pounds did not stop Warrington from winning the Suffolk Handicap, but he had to share honours with Chivalrous. It was a great finish in which Warrington, Chivalrous and Iron Grey contested the ground stride by stride over the last furlong with Burgomaster close on their heels, waiting for an opening which never came! The last-named was unlucky to be unplaced as following an indifferent start he was compelled to run behind the field and could not find his way through until very late in the race when he was again "boxed in."

Warrington might have won the race, had not Heard lost his whip a hundred yards from home when he was being pressed on the one side by Chivalrous and on the other by Iron Grey.

GLENEAGLES' EASY WIN

Gleneagles won the "B" class race in grand style, coming home three lengths in front of King's Bounty and King's Warden, who dead-heated for second place. The pace and the whole time of the race (2.11.2) was too fast for the other "B" class candidates.

For some unaccountable reason Don was sent in front to crack a terrific pace. He was all spent at the Rock where he was passed by High Speed on the rails and King's Bounty and Oak Bay on the outside. Meanwhile Gleneagles and King's Warden were running unconcerned at the back of the field.

King's Bounty and Oak Bay led into the straight, but at the distance post Gleneagles and King's Warden loomed up. Gleneagles won easily once he had a clear run, but King's Warden could only tie with his stable companion, Mayflower was fourth, Oak Bay fifth and Brechin sixth.

ANOTHER EXCITING FINISH

In the second "leg" of the Daily Double, West Parade won by the narrowest conceivable margin to prevent one of the sensations of the day. A hundred yards from home Heart's Glory, a rank outsider was leading by three lengths, but he failed to show the necessary "grit" at the finish, and Heard just managed to "pip" him on the post, amidst great excitement. Chief Seattle and Great Hall struggled for third place, the former getting the verdict.

King's Parade was never in the picture, while the winner after leading over the first quarter of a mile, dropped back slightly over the next half mile, in order to make a big effort in the straight.

AUSTRALIAN BOY

I never had any doubt as to Australian Boy's chances in the last race and really it seems hardly

necessary to describe the race for Davis just ran comfortably with the field for the first half of the race and then drew away to win in a canter. Empire Day finished second and Glorious Star third. Alacrity ran impressively over the first half mile, but that was all for he fell rapidly off after passing the Rock. The Glaffe ran a good race, but was outclassed.

The Army Win Close Game

A. P. PEREIRA SHOW EXCELLENT
FORMIndians Score Freely In
Friendly Match

Two league matches were decided on Saturday, and in the Senior Division, the Army, though given a fright when they were dismissed for the small score of 83 managed to defeat Recreio by 14 runs. A feature of this game was the fine bowling performance by A. P. Pereira who took 6 wickets for 23 runs. Recreio, playing for the first time in the premier league did well to dismiss such a well-balanced team as the Army for such a low score. The University defeated the Royal Army Medical Corps in their Junior Division league game by 10 runs at Pokfulam after a thrilling finish. This was the only other league match played on that day.

Several friendly games were played, the most notable of which was that between the Indian Recreation Club Junior XI, last year's champions and Craignower Cricket Club (runners-up). The game resulted in an easy victory for the visiting team by 7 wickets. A drawn game was played between the Civil Service and the Navy.

FIRST DIVISION

PEREIRA DEADLY

Recreio helped by the fine bowling of A. P. Pereira (6 for 23), dismissed the Army by 83 runs, but they could only total 69 in reply. In their first premier cricket league game played on Saturday at King's Park, Club de Recreio were beaten by the Army by 14 runs.

In his first seven overs, Pereira took two wickets for 23 runs, and then he bowled eight consecutive maidens during the course of which he secured four more wickets. His victims consisted of such batsmen as Lt. Williams, Capt. Walsh, Lt. Garthwaite, and Capt. Michell.

Against the bowling of Tucker and Elvin, Recreio were all dismissed for 69 runs, 14 runs short of the Army's total. Tucker took 3 wickets for 15 runs while Elvin secured 4 for 21.

FRIENDLIES

I.R.C. SCORE FREELY

The Indian Recreation Club were forced to a drawn game on their own ground on Saturday when they met the Craigenower Cricket Club in a friendly encounter.

The opening partnership of 81 between A. H. Rumjahn (35) and S. A. Ismail (77) and a second wicket stand of 107 by Ismail and A. S. Sufaid (35) enabled the home side to declare at 199 for 3 wickets.

The Craigenower, however, forced a draw, and when stumps were drawn they still had two wickets in hand. Their score was then 123 runs for 8.

The scores were—
I.R.C.—193 for 3 wks. dec. (S. A. Ismail 77, A. S. Sufaid 65, A. H. Rumjahn 35).

C.C.C.—123 for 8 wks. (J. W. Leonard 35, J. L. Youngs 23, S. K. Lee 22; Arculli 3 for 19, Madar 3 for 28).

ANOTHER DRAW

The friendly draw game played on Saturday at Happy Valley between the Civil Service and the Navy was featured by the batting of R. H. Griffiths who scored 65 runs, which included 6 boundaries.

The Civil Service were all out for 151 runs. J. Barrow (22) was the other notable scorer with 22 runs. Large took 3 for 24 and Cutler helped to secure 2 victims for 17 runs.

The Navy had 128 for 7 in reply when Stumps were drawn. Capt. Cutler (48 not out) was the chief scorer.

The scores were—
C.S.C.C.—151 (R. H. Griffiths 65, J. Barrow 22; Large 3 for 24, Cutler 12 for 17).

Navy—128 for 7 wks. Capt. Cutler 48 not out; Baker 4 for 39).

SINGLES WIN

The annual Married and Singles game on the Club ground on Saturday ended in a win for the Singles by 80 runs.

T. A. Pearce was in form with the ball taking 5 wickets for 6 runs. The married men only scored 62 runs.

The Single replied with 132 runs. L. D. Kilbee 38 (ret'd.), T. A. Pearce 27 and G. R. M. Ricketts 28 (ret'd.), were the chief scorers. Owen Hughes took 3 wickets for 19 runs.

The scores were—
Married—52 (H. Owen Hughes 25, Pearce 6 for 5, Ricketts 3 for 27).

Singles—132 (L. D. Kilbee 38 ret'd., G. R. M. Ricketts 28 ret'd., T. A. Pearce 27; Owen Hughes 3 for 19, Lowe 2 for 20).

WESTLAKE IN FORM

The Civil Service Cricket Club junior eleven defeated the Navy second eleven by 88 runs in a friendly match at King's Park.

C.S.C.C.—151 for 7 wks. dec. (H. F. Westlake 73, H. E. Strange 24; Lewis 2 for 47).

Navy—55 (L. S. Lewis 32; H. F. Westlake 6 for 26, N. Whitley 3 for 29).

HANKOW SPORT

In Full Swing

Hankow, Oct. 28.

Last Sunday afternoon the Race Club presented the unusual sight of five different games being played within a short distance of each other.

On the tennis courts the final of the mixed doubles was played. Mrs. Klerim and Mr. Shroeder beating Mrs. Parkinson and Mr. Sherwin 7/9, 6/3, 6/3. It has been a particularly successful season for Mrs. Klerim as she has won in all matches played.

On the hockey field a pick-up game was played, and on the soccer ground the Club were trounced to the tune of 6 to 3 by a team from the Italian gunboat Lepanto. The game provided plenty of excitement for the spectators, and it is a wonder the Navy supporters were able to sort out their hats, as they were being frequently tossed into the air.

The golf course had its usual number of players.

On the bowling green the closing day games were played. In the morning the time was taken up with drawing, guarding, trailing and driving competitions, while in the afternoon a progressive pairs game was enjoyed by all, the ladies taking an active part in the events.

On Saturday afternoon the first off day of the races at the Race Club drew a fair crowd, and the Club soccer team had a match with the Griffith John College, the latter team winning by the only goal scored. On the golf course a mixed foursome was played for a prize presented by Mr. Fisher, the captain of the section, and was won by Mrs. Kay who was partnered by Mr. Webb, their card returning 5 down on bogey.

A badminton club has been formed at the Victoria Hall by joint members of the Hankow Club and Race Club, and this will no doubt prove popular during the winter months on account of the central position of the hall.

POLICE BEAT ENGINEERS

The Police beat the Royal Engineers by 42 runs in a friendly game at the Valley.

Police—119 (W. Meadows 35, A. E. Carey 26, Sgt. Shipp 7 for 31).

Engineers—77 (Wateridge 44 not out, A. V. Baker 6 for 19).

I.R.C. WINS EASILY

The Indian R.C. juniors easily accounted for their Craigenower rivals at the Valley.

C.C.C.—41 (C. W. Lam 20, M. Afzal 4 for 0).

K.C.C. INTER-CLUB MATCH

The inter-club match between a team captained by F. A. Munn and E. C. Fincher's eleven resulted in a draw at the Kowloon Cricket Club.

F. A. Munn's XI—156 for 7 wks. dec. (E. Zimmerman 27, W. Mulcahy 24 not out, F. A. Munn 24, F. E. W. Smith 23, E. C. Fincher 3 for 22).

E. C. Fincher's XI—119 for 6 wks. (R. Lee 24, B. E. Lay 22, M. R. Swain 22 not out).

WEEK-END FOOTBALL

South China "B" Still In The Lead

The results of Saturday's soccer turned out as expected. South China "B" retained their position at the head of the first-division league table by their convincing victory over Kowloon, while the Hong Kong Football Club are quite near the leaders by their win over the Gunners. The Navy registered their first win of the season by collecting two points from the "Recs," their forwards playing a well-combined game in the second half.

The R. A. seconds and the Lincolns maintained their 100 per cent. record in the Junior League. The Navy 2nd XI accounted for the Borderers. The Young Indians turned out against the Varsity and were beaten by 4-2. In the third division the Medical Corps unexpectedly lost to the R.A.O.C. by the odd goal in five.

SENIOR GAMES

Although winning by two goals, the Club did not have matters all their own way and at one period of the game it looked as though the Gunners were going to register a win. Howe scored the first goal for the Club in the first half. Soon after the second half E. Strange sent in a driver from the wing which struck the inside of the upright. From the rebound Howe met the ball with his head, giving Durham no chance. Roger played a very safe game in goal for the Club.

SOUTH CHINA

South China "B" by superior football outplayed Kowloon by 4-2, thus maintaining their 100 per cent. record. Kowloon was well served by Cord in goal and Bliss in the half back line. South China opened the scoring through Cheuk Shek-kam after a very clever piece of combination between the forwards. The same player netted again immediately after in identically the same way.

Following the change over the Chinese took things easily after Lai Shui Wing had added another goal. Kowloon scored two quick goals through G. White and Elliot and the Chinese again lived up and played a brighter game thereafter. Lai Shui Wing scored towards the end, making the game certain for South China.

NAVY'S FIRST WIN

The Navy obtained their first win of the season from the Recrolo who had to field a team below their usual strength. B. Gosano played a very powerful game for the "Recs" as did Alves. Strong scored first for the Navy after receiving from Howells. Soon after Westmouth added the second. In the second half the "Recs" scored through Gosano who headed past

the Navy goal keeper. The Navy forwards got moving and Strong again netted. Shortly afterwards Westmouth receiving from Mac-Gulre, ran down the field, and scored a delightful goal, the ball entering the far corner of the net. Near the end Castillo passed to Gosano who made no mistake with a fine header.

In the R.A. v. Club match the Gunner's half back line played a good game and was mainly responsible for the ineffective shooting of the Club's forwards. From a melee Butterfield scored their first goal and close to half time Leach scored. Duttan reduced the deficit for the Club and R.A. added two further goals through Butterfield and Harman, to make the final score 4-1.

Kowloon v. LINCOLNS
Kowloon went down to the Lincolns by 5 goals to 1. McGuinness scored in the first ten minutes of the game which was equalised by Winch after the interval. Two quick goals by Getters and two more by McGuinness brought the game to a close. For the losers Winch played a fine game.

BORDERERS LOSE

The South Wales Borderers bowed to the Navy 2nd XI at Caroline Hill on Saturday. The Borderers were deprived of the services of their goal keeper in the second half through injury and from this onwards the Navy played a forceful game. They scored early through O'Donnell, but McGuinness equalised. Glass added the Navy's second goal but Simmonds for the Borderers from an unmarked position crashed the ball into the Navy's net. The Navy made things certain when O'Donnell scored their third goal, followed by Glass adding the fourth.

YOUNG INDIANS BEATEN.
Young Indians and the Varsity played a very even game although the Indians were without the services of several of their stalwarts. The Varsity played well together in the second half, and won by four goals to two.

THIRD DIVISION

The Medicals lost unexpectedly to the R.A.O.C. by the odd goal in five in the third division Rennie and Wright scored for the losers while Routledge (2) and O'Brien replied for the winners.

RECREIO LOSE
The Recrolo's third team did not deserve to go down to the Borderers. A drawn game would have been a fitting result. Campos and Santos scored for the "Recs" while Chapman, Johns and Purcell scored for the Borderers.

The Lincolns routed the Railway R.C. on the latter's ground by five goals to one. The Railway R.C. scored first through U Ki Fat and the Lincolns equalised through Rush.

Rush, Cousins, Day and Moody scored further goals later.

The Radio were decidedly unlucky to have lost to the East Lanes. The teams were very evenly matched and a draw would have been a fair indication of the game. Sandford scored for the winners and R. Aycock scored a very clever goal to reduce the deficit.

The Police lost to the Engineers thus allowing them to have their first win. Grindley scored from a scrimmage and a Police defender deflected the ball into his own goal. Huck added the third goal for the Engineers.

DIVISION I

Police v. Borderers
A fast and keenly-contested game was seen on the Kowloon Football Club ground yesterday when the South Wales Borderers, last year's champions, encountered the Police. The result was a draw of two goals each. The Borderers were exceedingly unlucky in that they had to play with ten men for the major part of the game, and towards the end

they had only nine players on the field. Underwood, their centre half, and Mullane, their captain and centre-forward, were both injured and had to leave the field.

Despite this handicap, however, the Borderers put up a plucky fight, although naturally the Police had the better of play, being constantly on the attack.

The game started evenly, both sides being visited in turn, but after ten minutes' play the Borderers scored through Fortey. Immediately afterwards Underwood who was playing a good game, had to retire being injured in the knee through a collision with C. Pike. His absence completely dislocated the Borderers' team, Mullane who was playing in a rather unusual position—centre-forward—had to drop back to take his place, leaving only four forwards. From then on the Police attacked continuously and just before the interval, Johnson equalised.

The second half started in a somewhat sensational manner, the Police scoring from the kick-off. Johnson was again the scorer with an easy shot, but Smith failed to hold the ball. The Police continued to have the better of the play but failed to score, Channings spoiling many of their chances. In one of their rare raids, the Borderers forced a corner and from the kick, Mathias, who played a good game throughout, dropped the ball just in front of the goalmouth where Mullane barged it in.

With the score even, play became exciting, but although the Police had more of the attack, the Borderers' defence held out. Towards the end of the game, Mullane was injured and had to leave the field, and from then onwards, the Police had everything their own way but score although they called upon Smith to make several brilliant clearances.

DIVISION II

S.C.A.A. v. Chinese Athletic
South China's second string, playing on their home ground went under to Chinese Athletic by two clear goals. The Athletics, however, were lucky to win as in the first half South China should have scored on at least two occasions. The Athletics took the lead soon after the interval and almost immediately added the second goal. The final whistle found the South China team trying hard to reduce the deficit.

East Lanes v. Eastern
The East Lanes defeated Eastern by three goals to one in an evenly contested game at Chatham Road ground. The Chinese had the better of play in the first half, but failed to take the lead. With the wind against them, after the interval, they were completely out-classed, enabling the East Lanes, to score two goals.

DIVISION III

R.A.F. v. R.A.S.C.
At King's Park yesterday in a third division match R.A.F. defeated the R.A.S.C. by four goals to nil. R.A.F. opened the scoring through Talt, and Gregory added a second soon after. After the change over Gregory and Bates scored.

SOUTH CHINA WIN

Indifferent Display At Caroline Hill

The South China "A" accounted for St. Joseph's in Caroline Hill by three clear goals all scored in the second half. The College team played well all the way, but their forwards were weak and the bulk of the work fell on the backs and halves.

In the opening moments, both goals were raided, and some sparkling play was seen, but South China soon had a good grip on the game and it was a question of how many goals they would score eventually. The backs did well to hold the Chinese off for the whole of the first half, but the continued raid had its effect in the second half when the home team scored three times without reply from St. Joseph's who never looked like a winning side.

The first goal was scored after a melee in front of the St. Joseph's goal. The goal-keeper, in the scramble for the ball, unwittingly pushed it into his own goal. The second goal was scored by Ip Pak Wah and the third, just before the final whistle, by Tam Kong Pak.

NEWS FROM CHINA

AERIAL RAID DANGERS

Collection of Funds

(From Our Special Correspondent)

Canton, Nov. 4.
Shapely feminine beauties and alluring songs can put many things over in a big way, and this is even true when the military authorities here want to arouse the people to the danger of aerial bombardments and the necessity of air defence.

Famous sing-song girls and actresses are now helping the Canton government in impressing on the public that they should contribute liberally for the air defence of this city. These professional charmers do not have to know anything about pursuit planes or anti-aircraft guns, as all they have to do is act and sing a la Mae West.

Such entertainments are offered in the Air Carnival, located at the Haichu Reclamation, and facing the big marshes there are dummy bombing planes, aerial bombs, anti-aircraft guns and all paraphernalia for this war game.

The Carnival is quite crowded especially at night. Spectators take a passing glance at the grim objects of destruction and slaughter and then pass to the more pleasing sight of actresses and sing-song girls.

Miss Yuet Yee (Moon Child), who is well known in Shanghai for her brief marriage with a Chinese tobacco magnate, is a big draw at the carnival, her torch-songs and "blues" being a decided success.

Preparations for air defence are seriously taken up by the military here. To raise money for the purchase of more pursuit planes and anti-aircraft guns, landlords are required to contribute their entire rent this month. It is expected that \$3,000,000 will be secured from this source.

Landlords are reminded that in

PLANE LEAVES CANTON

First Trip After Resumption

(From Our Special Correspondent)

Canton, Nov. 4.
Bright sunshine and favourable weather enabled the Douglas Dolphin amphibian plane of the China National Aviation Corporation to leave here at 6 a.m. to-day instead of 6.30 a.m. as originally scheduled and the plane is expected to reach Shanghai by 3 p.m. to-day.

The twin-motored monoplane was piloted by Mr. E. M. Allison, chief pilot of the C.N.A.C. and assisted by Mr. Cecil Sellers, who used to pilot the Sikorsky planes between Canton and Shanghai prior to the suspension nine months ago. The machine carried five officials of the corporation.

Only thirty pounds of mails were carried by the air liner from Canton to Shanghai and intermediate ports of call. Most of the air-mails for Shanghai were carried via Hankow by the Eurasia plane on Friday, and the P.M. Office did not announce the direct schedule.

Equipped with blind flying apparatus, the passenger plane than fly through fog, which often looms up along the China coast. Both Mr. Allison and Mr. Sellers recently completed a course in blind flying at an aviation school in Florida, U.S.A.

Two 450 horse-power super-charged Wasp engines will give a top speed of 165 miles an hour and a cruising speed of 145 miles an hour. The engines are built over the wings with a small plane behind the engines as stabiliser. The air liner was built by the Douglas Air Craft Company, Inc.

the event of air raids their houses will be destroyed, unless there is an adequate system of air defence.

"NO POOR ON EARTH"

With Gold Mines In China

Shanghai, Nov. 3.
Vast mining lands, described
as the richest in the world, and
containing big gold deposits,
have been found in Western
Szechuen, according to a Chi-
nese booklet promising untold
wealth to investors.

The sponsors of the scheme in-
clude several former Chinese Gov-
ernment Ministers.
"There will be no poor on the
earth if the fields are exploited,"
says the booklet, which claims
that a tremendously large column
of gold, the weight cannot yet be
ascertained, has been found.
In view of the appeal made to
investors the Shanghai police are
investigating the statements made
in the booklet.

RUBBER QUOTAS

Export Amounts Fixed

London, Nov. 3.
The International Rubber Re-
gulation Committee has decided
that the percentage of basic quotas
to determine the permissible ex-
portable amounts from January 1,
1935, for three months shall be 75
per cent. The next meeting of the
Committee is on November 27.

Price Goes Back

Yesterday's rise in rubber was
wiped out to-day on bulls liquidat-
ing owing to disappointment at the
extent of the cut for the first
quarter of 1935. At the same time,
speculators are uncertain which
way to turn.

The market is fairly unanimous
that the decision of the Regulation
Committee represents a compro-
mise between the British, Dutch
and manufacturers viewpoints.

It is pointed out that the rate of
export release for the next quarter
is equivalent, approximately, to 81
per cent of the present quotas
owing to the increase of next
year's basic quotas.

REICHSBANK UNABLE TO PAY

Berlin, Nov. 3.
The inability, owing to the un-
favourable exchange position, to
make cash payments to holders of
coupons maturing between July,
1934, June 30, 1935, has been an-
nounced by the Reichsbank, there-
by exercising the right reserved at
the transfer conference at the end
of last May to withdraw the offer
of a 40 per cent cash payment on
the face value of the funding
bonds issued for coupons maturing
during the year ending September
30, 1935.

The suspension of cash payments
applies only to long and medium
term debts. The Dawes and
Young loans are not affected.

STATEMENT BY REICHSBANK

'Special to the "Hong Kong Daily
Press" (Copyright.)

Berlin, Nov. 3.
Convoking paragraph three of
the law concerning payments due
to foreign countries and in ac-
cordance with a communique of
the Transfer Conference of May
29, 1934, and a declaration on June
14, 1934, the Reichsbank now is-
sues the following communication:
"In view of the unfavourable de-
velopment of the state of its de-
viser reserves, the Reichsbank is
compelled to make use of the right
reserved in Berlin of the Trans-
fer conference of May 29, 1934
and withdraw the offer of pay-
ment of 40 per cent cash for in-
terest coupons falling due on
July, 1934 to June 30, 1935 as well
as the claims which, in accord-
ance with the contents of the
Transfer conference it is entitled
to the same treatment as interest
coupons."

dealt with from general tactics to
tank technique, and it is antici-
pated that the films will be
particularly useful in the develop-
ment of the Territorial arm. At
the outset only the junior commis-
sioned and all non-commissioned
officers will receive film instruc-
tion, but later the different courses
will be developed for the benefit of
all ranks.

THE "WING ON" SOLD

Starting at the upset price of \$30,000 the s.s. "Wing On" formerly on the Hong Kong-Kongmoon run and now lying off Shamshuipo was bought by the Chinese Maritime Customs on Friday at an auction held by Messrs. Lam-mert Bros. for \$28,000.

The steamer was formerly owned by Messrs. Kwong On Steamship Company. No foreign firms participated in the bidding.

The same steamer was sold in 1932 at an auction for \$100,000.

SHIPPING DISASTER ALONG COAST

Steamer Sunk Near Tsingtao

Twenty-two lives were believed to have been lost on October 23, when the Chinese steamer Hua An, owned by the Yung Yuan Cheng Steamship Co., Tsingtao, sank in a gale while steaming from Hsiangshankuo to Tsingtao along the Shantung coast, according to a Chinese message.

The vessel, 411 tons, left Hsiangshankuo with 1,600 bags of cereals and other cargo and six passengers on October 23. She was merely a short distance from the port when she encountered a strong gale. News of the disaster was received in Tsingtao a few days later when ten survivors, rescued by a fishing boat, reached Hsiangshankuo. Two of the ten survivors died of exposure afterwards.

The loss is estimated at more than \$50,000.

JUDGE'S DAUGHTER NAMES BOAT

The new Coast Guard cutter Comanche, built for use as an ice-breaker on the Hudson River, was launched recently from the Pussey and Jones shipyard, Wilmington, Del., and was christened by Miss Kathleen Leary, daughter of Judge Leary, of the New York Supreme Court. The Comanche will be manned by six officers and fifty-six men. She is 185 long, 36 feet beam 13 feet maximum draft. She is driven by a geared turbine of 1,500 horse power, has a speed of 13 knots and a cruising range of 2,000 miles. She is a sister ship of the Algonquin and Mohawk and will be stationed at Stapleton.
